**COVID-19 TRAVEL POLICY
2021-2022**

(Updated December 20, 2021)

HCCS has implemented the following travel policy covering all HCCS Faculty, Staff, and students.

If you have traveled internationally or domestically outside of the contiguous states (defined as “New Jersey, Connecticut, Pennsylvania, Massachusetts and Vermont”, you must comply with the following requirements:

- If you are **fully vaccinated**, you must:
 - Get tested with a COVID-19 viral test 3 to 5 days after travel; and
 - Self-monitor for symptoms and isolate if you develop symptoms.
- If you are **not fully vaccinated**, you must:
 - Get tested with a COVID-19 viral test 3 to 5 days after travel; and
 - Self-monitor for symptoms and isolate if you develop symptoms; and
 - Stay home and self-quarantine for a full 7 days after travel, even if you test negative at 3-5 days; OR
 - If you do not get tested, stay home and self-quarantine for 10 days after travel.
- These requirements do not apply if you recovered from a documented COVID-19 infection within the past 90 days (regardless of vaccination status). If you develop COVID-19 symptoms after travel, isolate and consult with a healthcare provider for testing recommendations.

If you have traveled domestically outside of New York but within the contiguous states, the above protocols are recommended but not required.
